To
All Hawkins Authorised Full Range Showrooms (FRS)

Dear Sirs,

HAWKINS DISPLAY SCHEME

We are pleased to announce the Hawkins Display Scheme for you, as per the terms stated herein below.

Enrolment & Display Requirements

1. The Display period is from October 1, 2026 to December 31, 2026.

2. The Enrolment Period is from September 1, 2026 to September 29, 2026. Please note that there are no separate purchase requirements under this scheme. If you want to enrol at any Level, you must place despatchable orders in single or multiple lots during the said enrolment period for the purchase requirement for any of our products {Pressure Cookers, Cookware (except Kitchen Gift Packs/Sets), Electrical Products, Gas Stoves, Kitchen Tools, Accessories, Miniature Products and/or Spare Parts} as per your chosen level under the normal Monthly Sales Promotion Scheme, including DOLO orders, if any, even if they are placed on September 30, 2026.

3. You may choose to enrol at any of the levels given in the table herein below:

Level	**Minimum Purchase Requirement** (MRP Rs. Turnover[1])	**Maximum Display Award** (%)	**Must Purchase** (Units of New Category[2] Products)	**Minimum Display Requirement** (Points[3])	**Reward per Qualified Evaluation** (Rs.)
1	9,00,000	0.5%	1	20	500
2	11,50,000	1.0%	2	30	1,000
3	15,00,000	1.5%	4	40	2,000
4	20,00,000	2.0%	6	50	3,500
5	25,00,000	2.5%	8	60	5,000

[1]MRP Turnover value in Rs. for all your purchases of our Pressure Cookers, Cookware, Electrical Products, Gas Stoves, Kitchen Tools, Accessories, Miniature Products and/or Spare Parts put together.

[2]Must Purchase: Please note that in order to meet the minimum purchase requirement at all levels, as indicated in the table hereinabove, your orders placed under this scheme must include the minimum units from New Categories launched by us recently, namely, Induction Cooktops, Gas Stoves, Infrared Cooktop, Kettles, and Smartpot.

[3]Display Points shall be calculated as under, for the units displayed by you:

- All unique units of our Pressure Cookers, Cookware, Kettles, Single Hob Induction Cooktops, Infrared Cooktops and 2-Burner Gas Stoves on display will be eligible for 1 point and
- All unique units of our 3-Burner Gas Stoves, Dual Hob Induction Cooktops and Smartpots on display will be eligible to earn 2 points.

4. The orders for new products being launched in September 2026, if any, will also be counted in your enrolment order(s) under this scheme.

5. The Maximum Display Award that you can earn, as indicated in the table herein above, will be subject to maintaining the minimum display requirement during the display period and based on purchases as per level of enrolment.

6. Similarly, the applicable Reward per Qualification will be subject to the display maintained on the day of the display check (physical or via notification) as per your enrolment level.

7. Please note that:

7.1. Each dealer will be entitled to get one Display Notification every fortnight on a random working day during the Display Period.

7.2. If in the same fortnight, there is an evaluation done by the salesman and an evaluation done by notification and the two evaluations are different, the lowest applicable "Reward per Evaluation" will apply.

7.3. The total Reward Amount earned by you based on qualified evaluations shall be taken into consideration to work out Maximum Display Award payable to you as a percentage of your purchases under the scheme.

7.4. If your display is found to be less than the minimum display requirement indicated at Level 1 hereinabove, and/or non-existent by our representative during his/her visit or a display notification sent to you is not uploaded in time, it will be considered as a non-display and no Display Award shall be payable for the said non-display. To clarify, the maximum Display Award shall stand reduced by the Reward Amount per instance of non-display.

7.5. The number of display evaluations/checks against each display enrolment level shall be determined as indicated herein above. The Maximum Display Award will be paid if the dealer has successfully qualified in all the Display Evaluations. To qualify for any Display Award, your display must meet the minimum display requirement in at least one of the display checks.

For example, if you purchase Rs.25 Lakhs worth of our products, enrol at Level 5 under the scheme and your display is evaluated on 6 occasions, of which your display is found incomplete and/or non-existent on one occasion and successful on the remaining five occasions, you shall still be entitled to earn the Display Award of Rs. 57,500 (Rs. 62,500 being the Maximum Display Award at Level 5 less deduction of Rs. 5,000 for one non-display).

7.6. In case you meet the required level of product display at your enrolment level, but pressure cooker(s) on display are without vent weight(s), deduction @ 10% on the Display Reward per Evaluation shall apply for each such instance and shall also stand reduced from the applicable Maximum Display Award.

8. The level of enrolment will be the lower of the level of purchases, that is, MRP Turnover value of the products ordered during the enrolment period, and the level of display (on the basis of points). The display level will be determined on the basis of products displayed by you on each display check (physical or via notification) and the points applicable to such products – as indicated herein above.

9. You can buy at a higher level but have a lower level of display or you can display at a higher level and buy at a lower level. In either case, the lower level awards will apply.

How will the Display Evaluation be done?

10. Evaluations shall be done by visiting Company Salesmen, Trainee Salesmen, and mystery-checkers and also on the basis of display photos uploaded by dealers on received notifications.

11. You will get a notification from Hawkins intimating you to upload the display photographs, which shall be sent to your registered mobile number with us, through SMS and/or WhatsApp notification and will be sent on normal working days in the morning after 11:00 am. You shall be required to take these photographs (SNAPP Code same as Scheme Code) within 4 hours of the receipt of the message, on the same day through HAPPY App. Please note that we shall not consider any photographs taken by you beyond such specified timeline. You may receive multiple messages, never more than one per day, on randomly selected different dates, within the scheduled display period. If the shops are shut due to statutory requirements, the display check will be postponed and the period may be extended.

12. You will be required to upload a minimum of 3 pictures of the display, as follows:

12.1. One or more close-up pictures of the products with clear visibility for count and identification of the products **with the logo clearly visible**.

12.2. Product Display which includes a section of the shop showing the entire display area from some distance and some shop area in the background, so that we can make out that it is your shop.

12.3. Image(s) of the merchandising item(s) displayed inside/outside your shop.

Additional Display Requirements

13. Each displayed product must be a unique item or size. Any product without logo shall not be counted in the display. For Pressure Cookers, the same product displayed with separators and without separators will be counted as only one product on display. For Cookware, items offered with or without lid, the same item displayed with lid and without lid will be counted as only one product on display and an item displayed with stainless steel handle and with plastic handle will be counted as one item only. An item with induction compatible base and standard base will be counted as one item only.

14. The products must be displayed together in the prime spot in the shop in respect of the general flow of consumer traffic in the shop. The consumer's view of the display should not be obstructed by anything. Only such products that are displayed completely **with logo visible** (from base/lid) in the height range of 2 to 7 feet (when seen from the normal viewing ground that consumers stand on) shall be counted towards the display requirement.

15. Products displayed should be complete and in clean and good condition. Only our products should be included in the display. Each product on display should be so positioned as to display its logo fully without obstruction by any other object, product or part thereof. If products are displayed at the show window, the logos must be outside-facing – consumers coming into the shop must be able to clearly see the body logo stickers when they look at the show window from outside the shop.

16. Nothing should be written, stuck or placed on the product logo body sticker. One additional sticker such as a price sticker may be placed on the body of the product if required, but it should not be larger than 2 sq. cm. in area. Nothing else should be stuck or put on the products. You may use a suitable shelf card alongside the products for any additional information that you may wish to convey, but without obscuring the products on display.

17. Only those of our product cartons related to the product displayed should be included in the display. Cartons not related to the display, or of other companies should not be included in the display area demarcated for Hawkins. Product cartons should be displayed right side up – not sideways or upside down.

Merchandising

18. Each enrolled dealer shall be entitled to receive one Poster and one Banner which should be displayed at all times during the display period. If you have a Hawkins Logo or Shopboard on display outside the shop, then you can display the banner either outside or inside the shop; otherwise, you should display the Banner outside the shop.

Other Applicable Conditions

19. All enrolment orders must be either immediately despatchable or deferred for despatch on or before September 29, 2026. All enrolment orders despatched up to a final cut-off date of September 30, 2026 will be counted towards the enrolment requirement under this scheme. Any order pending beyond September 30, 2026 shall not be counted towards enrolment under this scheme.

20. The enrolment purchases for the Display Scheme must be paid for in time. Only purchases paid for in full on time shall be counted towards the enrolment requirement of the scheme.

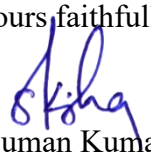

21. The Display will be accepted only if in our judgement it is made at a prime spot and at a location that has regular customer traffic. Any display that is made at any location that does not usually have good customer footfall will not be eligible.

22. The Display Award shall be paid by way of a Credit Note. Should there be any discrepancy in the Display Award paid to you as per the level of enrolment, such Award will be recovered from you by way of a Debit Note.

23. In case of any dispute, the decision of the Chairman of Hawkins Cookers Limited will be final and binding in all respects.

We look forward to your enrolment in our mutual interest.

Yours faithfully,

Suman Kumar
Vice President – Sales Administration
